Man Loses Arm From Oil Mill Injury Sunday

Troy Austin, age about 40, was badly injured in the linter room of the Cooperative Oil Mill about ten o'clock Sunday night.

He was rushed to the Stamford hospital where it was found his arm was badly crushed and lacerated up nearly to the shoulder. An amputation was made just below the elbow, hoping to save as much of the arm as possible.

Last reports are that Mr. Austin is resting satisfactorily.

Inzer Pharmacy to Sell Veterinary Medicine

Inzer Pharmacy announces a new valuable service to farmers and stockmen of this county. This store for the first time, has established a department for the sale of veterinary biologicals and pharmaceuticals made by the highly regarded Lederle Laboratories.

Never before has it been so important for farmers and stockmen to guard the health of their valuable animals, it is pointed out. The immunization of horses, cattle, swine, sheep, fowl, small animals, against disease costs but a trifle when compared with possible heavy losses of these animals through easily preventable infections.

The Lederle Laboratories is the largest maker of human and veterinary biologicals in the world. Each year, in the great Lederle Laboratories, upwards of a million dollars are expended in research into human and animal diseases.

In the development of animal vaccines, serums, etc., Lederle is noted for its distinguished pioneering. Lederle perfected the first refined, hog cholera serum, first introduced into this country an effective rabies prophylactic, developed Anthrax Spore Vaccine (Carbozoo), was first to obtain Government permission to produce an effective swine erysipelas serum and, comparatively recently, perfected Equine Encephalomyelitis (Chick - Embryo Method) which stopped the nationwide epizootic of sleeping sickness among horses in 1938.

Don't Buy Glasses, Invest In Eyesight

Is the subject of the American Optical Co., the largest spectacle lens factory in the world. Appearing in national magazines. Too many people think of their glasses as merchandise and promptly associate the cost as the price of the commodity.

How much would the glasses be worth, if the specialist's brains were not incorporated in the make-up?

Seek the services of a proven specialist, when you need eye sight service and not glasses at a price.

Mrs. Eunice Thompson Died In Fort Worth

Death came to Mrs. Eunice Thompson at 12:05 A. M. Saturday, Nov. 27, in a Fort Worth Hospital, just a few days after she had been taken there from her home in Hamlin. She had been in failing health for more than two years, and had undergone intense suffering, at home and in several different hospitals.

Mrs. Thompson was born in Rockford, Ala., August 7, 1888, and was 55 years, 3 months and 20 days of age. She came with her parents, Mr. and Mrs. Hines, to Jones County when she was a mere girl and settled in the Truby community.

She was married to Charlie Lee Thompson, in Anson in 1905 and to this union three children were born, namely, Arie Lee Thompson of Anson; Mrs. Austin Poe of Billings, Mont., and Mrs. Irene Tupper, of El Paso. Only one grandchild survives, Miss Ruby Lee Thompson of Anson.

Mrs. Thompson and her family moved to a ranch north of Hamlin in 1906 and a few years later took up their home in Hamlin, and for many years carried on various kinds of business here, draying, grocery, bakery and variety store. In all these years she carried a buoyant spirit and friendly relationship with every body regardless of station. She had been a member of the Missionary Baptist church since early girlhood, being baptized by the pioneer minister, the late Rev. Hill Edmonds.

Funeral services were conducted at the First Baptist church Sunday afternoon, with a former pastor, Rev. J. Henry Littleton and Rev. B. J. Martin participating. Numbers of friends from Anson and Abilene and surrounding communities were present to pay their respects, and the out-of-town relatives included Mr. and Mrs. Sam Young of Hobbs, N. M.; Charlie Lee Thompson and wife and John Thompson, Wichita Falls; two sisters, Mrs. Bob Prescott and husband and Mrs. Hollis Brookshire and husband of Colorado City; two brothers, Hill Edmonds Hines of Colorado City and Floyd Hines of Stanton. Mrs. Thompson's father, who is feeble from age at Colorado City, was unable to come for the funeral.

Other relatives coming were cousins, Jim Henkel and his sons, Rev. Hershel and wife and Cpl. Kelly Henkel and wife of Lubbock and a niece, Mrs. Fred Simpson of Colorado City.

Burial was in Hamlin East Cemetery with the Barrow Company in charge.

Mrs. J. W. McGee has been in the Stamford hospital over a week now, and reports are that she is very ill.

Mrs. Pat Watts and children have moved to Duncan, Oklahoma, to join her husband to make their home while he is in defense work.

War On Rats Again Starting December 6

There is a case of Typhus in Hamlin and rats are typhus carriers and there are too many rats in Hamlin, hence a Rat War is declared, starting December 6th.

Mr. Buie, representing rodent control of the Agricultural Department will be here to direct the campaign and the City of Hamlin and the Chamber of Commerce are sponsoring the rat killing enterprise.

All kinds of pets should be protected next week.

MRS. GEORGE BEAVERS

New Chairman Red Cross Home Service

Mrs. Roy Duke of Stamford has succeeded Miss Hybernia Grace of Anson as chairman of home service in the Jones County Red Cross Chapter. Assisting her are the vice-chairmen of these towns in the county: Oran A. Dean, Anson; Mrs. C. F. Butcher, Hamlin; and Byron E. Lewis, Stamford.

Jones County Chapter, as Red Cross groups everywhere, is having increasingly large calls for this help. The Red Cross is the only non-military organization operating within military and naval reservations, and is the liaison between the people and the soldiers who fight to defend them.

In Red Cross home service, the chapter volunteer worker makes a home visit to deliver messages, to assist a serviceman's family, with its problems, to obtain reports for Red Cross field director on home conditions in order to relieve a soldier's anxiety or worry, or to perform any other of numerous similar services.

McCauley and Fisher County Have Chance For More Highways

The Herald has a tip on more highways for our neighboring county of Fisher. Just a few days ago, a fine new road was completed from Hamlin to Rotan. This gives Hamlin another outlet to the Plains, up through Post and Lubbock, etc.

Highway building in the immediate future will be mostly Farm-to-Market, Connecting Links, or Secondary State and Federal roads. In Fisher county, there are at least two possible lines of construction if the people concerned will cooperate to secure the wanted rights-of-ways.

Here's the map: Some day a road will be built from Stamford to Throckmorton linking to the Stamford-Hamlin-Rotan No. 92, and it points on West from Rotan maybe to Snyder or farther North to the Fluvana spur. Then there is talked of road from Hamlin through Fisher county via McCauley, Sylvester and Longworth. About two miles of this is built and it is possible for it to be one of the first connecting links of Farm-to-Market roads built after the war.

Everything in road building from here out will depend first on the county and its local communities, as far as rights of ways are concerned. And it is important to remember the federal and state engineers are not going to OK a road or route that does not meet their approval. So the point is get the road as near as possible where you want it but get it.

The Hamlin area needs an outlet to No. 180 (old 15) and the logical route would be by McCauley and Sylvester. There is another possible way from Hamlin down to No. 180 and that is by Neinda and Boyd Chapel. And that would present a temptation to ask an all-weather road on to Merkel, by Noodle.

For more than 20 years Hamlin has wanted a road down the Santa Fe through McCauley, Sylvester and Longworth. Nothing should stop this. It is clear that this road should cross No. 180 West of McCauley.

Any effort to force the Highway Department to do something it does not approve of in one part of a county would have a retarding effect in another part of the county.

Mother of Hamlin Man Died In Ralls Monday

N. M. Armstrong was called to Ralls Monday because of the serious illness of his mother, Mrs. W. Armstrong who died at the home of her sister, Mrs. J. H. Stephens, where she was visiting. The body was taken to Holland, Texas, for burial and funeral services which were held Wednesday.

In returning from Holland, Mrs. Stephens accompanied Mr. Armstrong to Hamlin for a short visit with him and his family.

Mrs. George Beavers returned Saturday from Waco, where she had spent several weeks with her daughters, Mrs. Williams and Mrs. Pound, who were both ill. While away, she was visited in Dallas.

Packing A Xmas Box For Wounded Soldiers

The Wesleyan Service Guild of the Methodist church is sponsoring a Christmas box to be sent to McClosky Hospital at Temple for the wounded of the 36th Division and the 45th Division. Gifts may be brought to The Book Shop and will be packed and shipped on Dec. 10th.

A Good General Rain More Than One Inch

Thanksgiving Day ended with a gentle rain falling late at night, and continued throughout the night and into the afternoon of Friday, amounting to about one and a quarter or half inch in this area of West Texas.

This was the first rain of this proportion, falling generally, that this country has had since sometime in June. Everything was getting very dry. No fall wheat or oats or volunteer stuff at all.

The long dry fall had some advantages. Cotton was about all out when the rain came. Feed was well shocked and most of it in sheds or stacks.

This fall, it seems that more farmers in this area had sown wheat in dry fields than in former years. Just a few have reported to us how they have had their seed wheat ready for the welcome moisture. J. M. Stubbs does not claim to be a big wheat grower but he did have about 40 acres of wheat in the ground. R. J. Robertson, over in the edge of Fisher County had about 300 acres ready. Dudley Lewis in the Flat Top community had about 400 acres. Joe Culbertson is reported to have from 2,000 to 3,000 acres; Bill Matchett about 1,600 acres; Thomas Ferguson around 1,200 acres, and on and on we could perhaps list many others. This all adds up to a lot of greenery within a few weeks. The rain was not enough to last all the winter, but an inch this time of the year goes a long way. It means quite a lot of good water for cisterns at rural homes. The rain has settled the dust and perhaps will play some of the standstills.

THIS WEEK

A LITTLE BIT ABOUT

This

AND A LITTLE BIT OF

THAT

ARMUGENTS: This is a day of arguments in America, even in Hamlin.

Some people know so much about subsidies till they can argue for that system of keeping down the cost of living. . . . others can know everybody in charge is making a mess of things by paying or wanting to pay subsidies. . . . so there's a good spot to argue.

You can get an argument on the subject of soldiers' voting. . . . some think the soldier should be permitted to vote, some think not. Some think he does not give a doodle about voting. WE think it is all a lot of hooley.

There's the General Patton subject. Some think that old bloody buzzard should be boosted along, even promoted, given another star on his collar. . . . some of us think "Blood and Guts" is through. . . . some think the whole army enterprise is for the Army to juggle it about. . . . they forget that the civilians must be back of the army if it is worth a dam. . . . so it is going to be interesting to watch what happens to a general who has lorded it over his classmates, his officer associates and his men all these years, making them take his vulgarities, and insults. Plainly his conduct does not meet with all civilian approval.

Then there is an argument as to why or why not keep some of the present office holders in their places. Let's remember it would be dangerous to get too radical on that subject. Most of us are forgetful of the good things and take up our time magnifying and grouching about the little things that hit one little individual.

If arguments could be stopped this would not be America with its freedom. Clear-headed discussions, weighing both sides or several sides make us a stronger people.

The other day a fellow asked this question: "What would happen should one of the Big Four, Roosevelt, Churchill, Stalin or Chiang-Kai-Chek die or be killed?" Well, our argument is that either Roosevelt or Churchill could be spared and everything would go along unnoticed. That's how sound our two forms of government are. But this is hardly true of the other two, and many other nations. Cuss our government and the English all you please, they represent the most steadfast form in all the world.

But about subsidies: People generally do not relish paying somebody public funds for something not merited. But there are two sides to the subsidy system of keeping down rising prices. What most folks want is a free-for-all, ask all you can get — get all you can, make all you can, waste all you can, sell or keep all you can, and let everything go riproaringly free, and take whatever comes as a consequence. Americans do not want to be controlled even in war.

History Making Days

The past week and the next few months hold more history making events than ever before, maybe, in the history of the world.

This week long rumors of big things were happening. Most of us guessed it to be the Big Four meetings in two or three spots of the world.

It was history making for the heads of the great British Commonwealth of Nations and the great United States and great old China to meet in the shadows of the pyramids, on the banks of the Nile, and discuss how to best stop a ruthless slaughterer of the Pacific. It was still important history for the once shunned Stalin and Russia to meet the heads of the two great English-speaking peoples in some spot in Asia Minor, perhaps there where thousands of years of history have already died out of memory. The prayer of all Christ believing peoples is that these four great powers will grow in appreciation of each other and frame up a combination of moral and financial support to prevent weaker nations from being butchered by greedy war lords in the future.

History has been in the making when our Marines waded through death at Tarawa to dig out the bastard Japs and push them back where their sun-god dwells. It is also history-making as our boys climb the mountain crags of Italy to run out the despised Germans who afflict a helpless people. Jones County boys are treading the mountain ridges where once the Hanibal, the Caesars and Napoleon once conquered. Our American boys with as many heroes of other nations are making history in the skies over Germany as they reduce to rubble the cities that once boasted that nobody could drop a bomb on them. The next twelve months are looming bigger and bigger as history making periods than ever before in a hundred years.

So our conclusion is that right now more than ever American people should think long and patiently before they make a step or form opinions.

Mr. and Mrs. John F. Green spent the Thanksgiving holidays in El Reno, Okla., visiting their son, Lieut. and Mrs. John F. Green Jr. and baby.

Mrs. Charles Jeffries of Fort Worth came up on Wednesday of last week to visit through the week with her mother, Mrs. L. F. Young and others of the family. She was accompanied by a friend, Miss Royce K. Priest, who works in the same establishment with Mrs. Jeffries.

Mrs. T. T. Brady, Sr., and her son, Corporal Thomas J. Brady of Scott Field, Ill., made a trip to Waco and Palestine while he was here on a furlough, to visit his brothers, C. T. and T. T. Brady.

Mrs. R. T. Spaulding and sons, Rodney and Bobby, of Wilark, Ore., are visiting her parents, Mr. and Mrs. J. D. Rountree and other relatives.

Mrs. Ivy Witt and daughter-in-law, Mrs. Gean Witt, have been out of Hamlin a week from last Tuesday making a long trip to see the Witt boys in Camp Abbott, Oregon. Gean and Dean Witt are taking their basic training up there. Mr. Witt is holding down the shop while all his family is away and he says when the women get off the bus he will know they are at home.

Mr. and Mrs. Tate May left Thanksgiving Day for Camp Shelby, Miss., to visit their son, Pfc. James T. May. They came back Tuesday of this week, reporting the son doing fine, and in a place where life is not so hard.

Balanced Meals For Humans, Too

Nutrition Chart Helps Avoid 'Hidden Hunger'

Food is always important, but in wartime it becomes strategic material. That's why the seven basic food groups form the groundwork of a plan to get full benefit, nutritionally, from all the food in the national larder, according to the U. S. department of agriculture.

It's easy to figure out a balanced diet, nutritionists say, if the food chart is followed. If one or more of the "Basic Seven" groups is left out, day after day, it's a danger signal.

"I'm never hungry. I eat plenty of steak and potatoes." People who talk like that, who never order vegetables, may be suffering from "hidden hunger." This "hidden hunger" shows up in subtle ways. Workers who suffer from it tire more easily,

GROUP 1

some raw—some cooked, frozen or canned

are more liable to stumble into accidents resulting from abnormal fatigue. They fall prey to minor illness, their morale is lower, they are irritable and difficult to work with. All this may add up to millions of lost working days, if "hidden hunger" spreads across the land.

By dividing food into seven groups, the problem of selection is simplified. Each group has enough different kinds of foods in it to allow wide variety in meals. If, during wartime, you find some usual kind of food to be scarce, try new ones, making sure you hit all seven food groups.

Among the foods in Group 1—green and yellow vegetables—are asparagus, beet greens, broccoli, cabbage, chard, collards, dandelion greens, escarole, green peppers, lettuce, mustard greens, okra, parsley, green peas, snap or string beans, spinach, turnip greens, and watercress. Also carrots, pumpkins, rutabagas, squash, sweet potatoes, wax beans, yams and yellow turnips.

In Group 2 are all the citrus fruits and certain greens—orange, tomatoes, grapefruit, cabbage and salad greens—served raw.

In Group 3—a large one—are potatoes, and other vegetables and fruits. It includes beets, cauliflower, celery, corn, cucumber, egg plant, lima beans, kohlrabi, leeks, mushrooms, onions, parsnips, radishes, salsify, sauerkraut, turnips, and many others. Fruits included, and not mentioned in Group 2, are all those excepting the citrus, such as apples, berries and plums.

Milk and milk products make up Group 4. In it are buttermilk, cultured milk, evaporated and condensed milk, dry whole and skim milk, cream, all kinds of cheese, and ice cream.

Group 5 is the meat, poultry, fish and egg group. It includes also the protein alternates, dried beans, peas, nuts, and peanut butter. If your meat points don't last you through the week, switch to some unrationed food in this group, to be sure your meals contain enough protein.

Bread, flour and cereals (natural whole grain or enriched or restored) fall into Group 6. Breads and cereals should be of whole grains or enriched with vitamins so essential for health.

Group 7 contains butter and fortified margarine (with vitamin A added).

As the butterfat of milk tends to soften the rubber parts of milking machines, the milk should be washed off with cold water immediately after milking is finished.

Such breeds of rabbits as New Zealand Whites, Chinchillas, Belgian Hares and Flenish Giants—furnish a quickly grown, wholesome and economical table meat.

Farm Notes

Lieut. Howard Cross and Mrs. Cross and baby Michael spent a few days last week in the homes of Mr. and Mrs. W. E. Dunham, parents of Mrs. Cross.

Mr. and Mrs. Homer Massey of Dallas were up from Dallas the past week end to visit their father, W. L. Walton and others.

Mrs. Pete Scott is reported very ill in the Rotan Hospital.

About Soldiers--Sailors

Down in the McCaulley community is a family by the name of Hendon, and this week the Herald is going to four Hendon boys, one is Corpl. Will B. Hendon, and the other three are sailors, Jay Ruth, Seaman 1-C, Terrell Mack, Seaman 2-C and Ernest J. Hendon, Coxswain. All we can tell you about the sailors is that they must be somewhere on the Pacific. That's a big wide place for so many Fisher County fellows who were reared on our West Texas sandstorms. If those fellows can swim as well as they can fight, the Japs will have a heck of a time sinking either of them. Good luck, boys.

Sgt. Foy E. Pribble is reported by the War Department to his parents, Mr. and Mrs. L. B. Pribble, that he has been moved to the Osaka Camp, Tokyo, Japan. Up to this report Sgt. Foy had been held in a Philippine camp, perhaps. If he is in the Osaka camp, it is likely an improvement for him, and it can't be so very far from Tokyo. The report was dated November 18th.

Mrs. Frances Scott has information from her son, who can now be called Captain Bill Scott. He is on winter maneuvers down in Louisiana. Congratulations Captain, we knew all the time you would make it. Next is Major, we believe.

We saw a letter this week from Norman Lasseter, who is stationed at the Jamestown, North Dakota, College, Aviation school. Norman is going places and is working hard for everything he earns. He is a student officer now and it piles a lot of extra work on him, but he loves the distinction. Keep on, old Hamlin Pied Piper, you remember we told you we were depending on you. Thank you for your compliment. Keep an eye on the Herald.

Pfc. Vaughan (Pinky) Holt, surprises the Herald Editor with a fine letter from Italy. He is in the 36th Div. and he ran across an editorial published in a Mass. paper when the 36th left there for parts unknown. He thought of us and knew we would enjoy it. Next week Pinky, the Herald readers will read your letter, and what the folks up in Mass. thought of your Division.

Pfc. J. W. Faulkenberry, son of Mr. and Mrs. C. R. Faulkenberry, has been sent to a Camp near Los Angeles. The Herald is starting to him before he gets on the seas.

Pfc. John Harry Gruben, a member of Hobbs Air Field, was down last week visiting his aviation brother, James Fred in the Lubbock Field and his parents and grandparents at Royston.

Pvt. Bufford Leon Johnson, son of Mr. and Mrs. Pink J. Johnson, now of Dayton, Texas, is in the air forces at Keesler Field, as a mechanic on the B-24 Liberators. This young man went to school in Hamlin and counts many friends here. Most of his pals are somewhere in the services.

A cablegram was received Nov. 17 by Dr. and Mrs. P. A. Fowler that their son, Lieut. Robert Fowler, had arrived in England. A letter was received Nov. 30 dated in England Nov. 11. He is doing fine.

Flight Officer W. B. Teague, who recently came home from the Walter Reed Hospital, has taken a position with the Stamford Air Field. He is taking a civilian's place as his final discharge will be operative Dec. 10. Mr. and Mrs. Teague will make their home in Stamford if living quarters can be found.

Along about Nov. 7th, several Hamlin kids left for the various war services, and by some means the Herald failed to get a list or we put something in and forgot it. Anyway, we have learned that two of the boys, Earl J. Badgett, age 18, and Willoughby C. Walker, were two of the boys and they both landed in the Navy at San Diego. Mr. and Mrs. Mike Walker had a letter from their son, saying he had passed the physical making nearly 10 above the average. Their other son, William A. (Johnnie) is somewhere on the Atlantic.

Corporal Thomas J. Brady of Scott Field, Ill., has returned to his duties after enjoying a ten days furlough at home with his mother, Mrs. T. T. Brady and other relatives.

Well, boys you should have been in good old Hamlin Thanksgiving Day, for on that day the New Rodeo Association pulled off a big show. We say big if a show can be such a thing with all the young fellows in distant lands. Another thing soldier-sailor kids, Thanksgiving night it rained and rained. Oh just a steady sprinkle, and kept it up all day Friday and it certainly looked good... the first we have had generally in several months. You remember how we folks long for a wetting rain. Well, it wet just like it does "Over There."

We want to tell you that good old Hershel B. Prindle was at home a few days last week from Columbia University, New York. Better say Ensign Prindle now. Hershel is one of the great Pied Pipers from Hamlin, and we are all proud of him. He has been in Columbia the past four months and he left Sunday for Harvard University to take further studies in how to beat the enemy. He got his commission on Nov. 24. After about three months at Harvard he will likely be sent to the Massachusetts Institute of Technology for advanced studies. Prindle is one of several Hamlin boys who is getting an unusual educational opportunity because of the war training.

Archie Jean has been given a disability discharge from the army because of an injury from a fire truck several months ago while down in Harding Field, Louisiana.

Somewhere on the wide Atlantic is a Hitson boy, James L. Haught. He wrote the Herald last week saying he wanted his good old friends in the Hamlin area to know he was still feeling fine. He wished us "A Very Good Christmas." James says this will be his first Christmas away from home. Well, Sailor we all will be thinking of you as Santa Day comes along. Just hang up your sox maybe Uncle Sam will put something in it.

Somewhere down in the New Caledonia-Pacific waters is an old Hamlin boy, Turner Beard. He ranks SK 2-C. He gets the Herald and his wife at Itasca sends in a new dollar for the paper to keep going to her husband. We think of Turner as a lumber man. He was in business in Hamlin and McCaulley before going to Itasca.

Pfc. Alpha O. Butler is back on the job and lets us hear from him at Fort Jackson, S. C. He had a recent furlough and was almost sick while in Hamlin. He says he has been traveling under sealed orders for several days.

Pfc. Cleo Perryman of Ft. Fisher left Sunday night after being at home a week. Perryman said he was getting his Christmas a month ahead by getting to come home.

Pfc. Edgar W. Miller, son of Mr. and Mrs. E. Miller, came home on Thursday of last week from Fort Jackson, S. C., to enjoy 15 days at home. He has been in the service 13 months.

To The Good People of Hamlin:

I am quite sure that you will be surprised to hear from me but I thought that it would be appropriate to extend to you all a "Merry Christmas" and most successful New Year. I will say that I am very glad to be a participant in the war activity of today, but it is my utmost regret that I can not be at home in a peaceful world where I could be with my folks and friends.

I have kept up with the news outside and I find that the people are doing a wonderful job in their line of defense and we the boys say "Thanks a million" for their attitude and patriotism at a time like this.

I have been in combat and a few air raids and they are very unpleasant to experience. I am glad that the people at home are safe and secure from all of this and they should be very thankful that they are not like these people who are hungry and ragged.

In conclusion I extend to you all a Merry Christmas and Happy New Year.

Yes, I'm in Italy.
Respectfully yours,
Sgt. Guy T. White

(Note: Sgt. White is a son of Mr. and Mrs. D. M. White of Hamlin and the last time the Herald man saw him was at the Brownwood camp in 1942. He is in a Medical Bn. He has been in the fight since the Sicily campaign.)

Wedding Anniversaries Celebrated With Dinner

Mr. and Mrs. Albert Moore entertained in their home Sunday with a turkey dinner celebrating their 37th wedding anniversary. The occasion was also in honor of their daughter, Mrs. Jasper Herndon and Mr. Herndon who were celebrating their fifth wedding anniversary and their son-in-law, Jack Collins, who was celebrating a birthday.

Those present were Mr. and Mrs. G. E. Goynne of Stamford, Mr. and Mrs. Buck Vance and family of Hitson, Mr. and Mrs. Jack Collins, and Mr. and Mrs. Jasper Herndon.

MARRIED

Mrs. Euna Lee Holland and Mr. B. F. Barton were married Thursday evening at 8 o'clock in the home of the Rev. L. K. Malone with Rev. Malone reading the ceremony.

The couple are making their home in the Flat Top community.

Junior Literary Club

The Junior Literary Club met Thursday night, Nov. 19, in the home of Billie Kathryn Lancaster, with Judy Gordon and Marjorie Steed serving as co-hostesses. Lydia O'Neal was voted into the club as a new member. Verna Mae Colwell had charge of the Thanksgiving program. It consisted of:

Parliamentary Drill, Billie Kathryn Lancaster.

Origin of Thanksgiving, Ola Jean McInroe.

What Thanksgiving Means to Us This Year, Thelma Carlton.

At the close of the meeting, delicious refreshments were served to the following:

Frances Gardner, Bobbie Wilson, Hortense Phenix, Frances Steele, Billie K. Lancaster, Ernestine Jenkins, Elouise Binnicker, Charlene Durham, Thelma Carlton, Judy Gordon, Verna Mae Colwell, Betty George, Ret Jo Dean, Mrs. Bob Campbell, Marjorie Steed, Beryle Jo Travis, Ola Jean McInroe, Mildred Carson, Gamile Hassen, La Rue Kite and Bettye Lou York.

Peggy Nell Armstrong was able to return to her home Friday from the Sweetwater hospital where she had an operation for appendicitis, Monday, Nov. 22. She is recovering nicely.

Mrs. I. J. Dixon Jr. of Lawton, Okla., is visiting in the home of her husband's parents, Mr. and Mrs. I. J. Dixon. Her husband, S-Sgt. Dixon is in California taking desert training.

Mr. and Mrs. E. W. Blake of Abilene, were here last week to visit Mrs. Blake's aunt, Mrs. J. W. Wendel and Mr. Wendel. They were accompanied by Mrs. Wendel's sister, Mrs. W. E. Harris, also of Abilene, who is remaining for a longer visit.

Miss Nadine Morgan, Miss Onita Rimmer and Miss Vera Culbertson, all of Wichita Falls, came down for their Thanksgiving with home folks.

Mrs. C. P. Chastain was taken to the Stamford Hospital last Saturday for treatment.

"COLD" FACTS About Your Refrigerator

REDDY: Say, Lady, are you posted with the latest facts about how to keep an electric refrigerator smiling?

LADY: Why, of course not; whoever heard of keeping a refrigerator smiling? Its purpose is to conserve vitamins, and it was built to last many years.

REDDY: Exactly, but now—it's different. The war makes it impossible to predict when you can buy a new one, so it's important that you take good care of what you've got.

LADY: And how's the best way to do that?

REDDY: Defrost it regularly.

Cool food before putting it in the refrigerator.

Have motor checked regularly.

If yours has open type of mechanism oil moving parts of motor every six months.

Treat it with "kid gloves." It must last for the duration.

POT SHOTS FROM M'CAULLEY

—BY GEO. DARDEN—

Visiting in the home of parents, Mr. and Mrs. John Dean, are their children, Mr. and Mrs. Buford Dean from Oklahoma City, Mr. and Mrs. Granville Dean and Miss Thelma Dean of Fort Worth.

Visiting in the home of parents, Mr. and Mrs. S. E. Miers over the week end were Mr. and Mrs. Sim A. Reeves and children of Fort Stockton, Mr. and Mrs. Ellis Eivens and children of Fort Worth and Mr. and Mrs. N. D. Miers of Hobbs.

Visiting in McCaulley over the week end were Mr. and Mrs. Clifford Jones of Slaton. While here they visited in the homes of Mr. and Mrs. C. D. Jones and Mr. and Mrs. John Wishert.

Mrs. Leldon Clifton of Monahans visited parents, Mr. and Mrs. Louis Reeder during the Thanksgiving holidays.

Visiting parents, Mr. and Mrs. Geo. Darden over Thanksgiving and the week end was Bess Darden of Cisco.

Billie Max Waldrop visited parents, Mr. and Mrs. E. C. Waldrop Thanksgiving Day.

Rennie Ray Jones spent Thanksgiving in the home of parents, Mr. and Mrs. C. D. Jones.

Mrs. Ora Darden and children spent Thanksgiving Day with relatives in Abilene.

C. D. Jones visited parents near Slaton one day of last week.

The natives turned out in force for the big rodeo in Hamlin on Thanksgiving Day. The rodeo was as

good as you will see any where and our congratulations to the sponsors. Miss Velma Lou Boyd spent the day Thanksgiving and the week end in the home of her parents, Mr. and Mrs. L. H. Boyd.

Mr. and Mrs. H. P. Powers were visiting friends in McCaulley last Saturday. Their new home is Avoca.

Mr. and Mrs. M. L. Akins sends us a dollar for a year's subscription to the Herald for their son Wesley who is serving in the armed forces somewhere in the Pacific. Thanks.

Thanks to Clifford Jones of Rt. 1 for a year's subscription to the Herald.

Don't miss a copy of the home news. Send in your subscription now before it is too late. And don't forget that boy in service. He too likes to hear from the old home town.

Yes it finally did rain in this community. It began raining Thursday night during the rodeo and rained over one inch in this vicinity.

Mary Callaway of Hardin-Simmons spent Thanksgiving with her parents, Mr. and Mrs. A. A. Callaway.

Thanks to the many patrons of this paper for their many compliments on our O'Gram in last week's paper regarding the race question.

Miss Alice Yates of Dallas visited friends in McCaulley last Saturday. Miss Yates tells us that every once in a while she gets a copy of the Herald and enjoys our comments very much. The Herald makes a nice Christmas present you know: Hint.

If we lived in a country dominated by the Nazis and where a Gestapo was ever on our trail well folks, Bowen Pope and your Pot-Shots scribe would have been in jail, and the crime would be for frankly and honestly expressing our opinions. Yes, it is going to take straight shooting by all of the people to make a better world to live in after this war. Pussy-footing won't get it.

Thanks to Mrs. Lee Hendon for four subscriptions for the Herald for her four sons in service. We know the boys will be proud of the home town news.

Mrs. L. H. Boyd is in Dallas this week enjoying a family reunion.

Mr. and Mrs. J. W. Rush and their daughter spent Thanksgiving in Benjamin, Texas.

Mrs. Matthews of Escota and Mrs. Graham of Eden and their families spent Thanksgiving Day with their sister, Mrs. Lee Hendon in McCaulley.

Mr. and Mrs. J. W. Warner, Mrs. S. A. Page of Fort Stockton and Mr. and Mrs. Paul Cain and son of Sweetwater were guests in the home of Mr. and Mrs. J. S. Dean over the week end.

A pack of no account town dogs killed a heifer calf for E. C. Waldrop Monday afternoon in a field north of town, so Mr. Waldrop informs us. Though shotgun shells are scarce, the dogs guilty of the crime should pay with their lives.

COMMENT No. 1—It is indeed regrettable that Gen. George S. Patton, "Old Blood and Guts", slapped a poor shell-shocked soldier boy as he sat on a cot in a hospital. Yes, "Old Blood and Guts" has done a good job as a General, but he tore his pants with the American public when he slapped a helpless soldier. If Gen. Patton's case were left up to West Texans he would be booted back to a buck private and sent to the front lines and such a lesson would be ample warning to other officers who might get too big for their pants.

COMMENT No. 2—Well, Wendell Willkie has been to Texas. In our opinion, he came to a pretty place to gather votes but he will likely be disappointed when the votes are counted without we all go hay-wire again and vote like Texans did once for Hoover. Mr. Willkie is appealing to Labor but it seems to us that Labor can't go back on FDR who has done more for labor than any President. It seems to most of us that we have had our fill of big corporation lawyers in public office and beyond a reasonable doubt Mr. Willkie is one of the big lawyers who caters to big business. We have had dealings with Kaiser Bill in War No. 1 and we are now dealing with Hitler, Goering and Goebbels in War No. II and it may be wise to deal around Willkie before we get turned around. We understand that Mr. Willkie's parents were born in the fatherland and if elected President he could easily have a lot of sympathy for Germany after the war and the boys who are fighting the Nazis wouldn't like that a little bit. Frankly, we don't like the way he spells his name.
